A Stronger Voice For Business Across Our Region.

# One Region. One Voice.

MWCCI brings together businesses from across the Mildura–Wentworth region to restore a clear and coordinated commercial voice for the region.

Strong regions require strong business leadership. Through MWCCI, the business community is re-establishing its place at the table – contributing constructively to regional discussions about economic development, infrastructure, workforce, investment and long-term growth.

By bringing business leaders together, the Chamber helps ensure the perspectives of commerce and industry are heard clearly and consistently.

# Real Tools. Real Help.

Through formal partnerships with the **Victorian Chamber of Commerce & Industry** and **Business NSW**, MWCCI connects local businesses to the resources of the two largest chamber organisations in Australia.

This provides practical support including workplace advice, HR templates, compliance guidance, business resources and expert insight – helping businesses operate with greater confidence.
